River East School to Career Welcomes Alyson Weeks to  
Board of Directors' Executive Committee.

Palmer, Mass - September 2, 2026 - River East School to Career is pleased to announce that Alyson Weeks, first vice president, human resources & professional development of Country Bank, has joined the organization's Executive Committee.

In this role, Weeks will help support River East School to Career's mission of connecting students with career exploration, work-based learning internships, mentoring, and opportunities to engage with local businesses and community organizations.

"We are thrilled to welcome Weeks to the River East School to Career Executive Committee. Her seventeen years with Country Bank and experience in human resources, combined with their genuine passion for our mission, will bring valuable perspective and expertise to our organization as we continue to strengthen connections between our schools, students, and the business community and expand career education opportunities for young people throughout our region," said Amy Scribner, partnership director of River East School to Career.

"I am excited to join the River East School to Career Executive Committee and support its mission of connecting students with meaningful career opportunities," stated Week.s" By bringing educators, businesses, and community partners together, we can help students discover their strengths, explore career pathways, and build the skills and connections they need to succeed. I look forward to contributing to this important work and helping create new career opportunities for students across our region,".

About River East: River East School-to-Career, Inc., a business and education partnership, was incorporated as a nonprofit 501(c)(3) organization in February 2004. The River East School-to-Career Partnership is governed by a twenty-member Board of Directors with representatives from member school districts, postsecondary institutions, and the business community.
